

Name _____

Date _____

1. The table below shows the amount of money Danielle saves for four months.

Month	Money Saved
January	\$9
February	\$18
March	\$36
April	\$27

Create a picture graph below using the data in the table.

2. Use the table or graph to answer the following questions.
- How much money does Danielle save in four months?
 - How much more money does Danielle save in March and April than in January and February?
 - Danielle combines her savings from March and April to buy books for her friends. Each book costs \$9. How many books can she buy?
 - Danielle earns \$33 in June. She buys a necklace for \$8 and a birthday present for her brother. She saves the \$13 she has left. How much does the birthday present cost?
